DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Please amend the title as follows:

“IMAGE PICKUP APPARATUS CAPABLE OF MAKING AN EFFECTIVE
DEPICTION BY REDUCING PIXEL SIGNALS”.

Allowable Subject Matter

1. Claims 1, 2, 4-6, 13, 23, and 27 are allowed.
2. The following is an examiner's statement of reasons for allowance:

In regard to claims 1, 2, 4-6, 13, 23, and 27, the prior art does not disclose an image pickup apparatus, image pickup method, or a storage medium with the combination of limitations specified in the claimed invention, specifically the limitations of:

a controlling unit which controls to lengthen or shorten a focal length of said lens depending on a change from said first image pickup mode to said second image pickup mode,

wherein said first image pickup mode reduces the pixel signals by extracting a predetermined area from an image pickup area of said image pickup circuit;

Art Unit: 2622

said second image pickup mode obtains the pixel signals from a larger area than said predetermined area by reducing the pixel signals in a different reducing method of said first modes and said

controlling unit changes the focal length of said lens to prevent a photo-taking angle from varying depending on a change from said first image pickup mode to said second image pickup mode, as stated in claims 1, 13, 23, and 27.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
